Lancaster area station to hold Customer Appreciation Block Party

Cleaner burning fuels E85 ethanol & B20 biodiesel now available!

Dogwood Crossing Travel Center, located at the corner of Coonpath Road and State Route 33, will hold a Customer Appreciation Block this Saturday, September 8th from 10:00 am to 2:00 pm.

The celebration will include over \$500 in prizes and giveaways, and radio station 95.5 The Hawk will be broadcasting live from the event from 10:00 am to noon. Other event sponsors include: Joe Carson Honda Harley Davidson, Lancaster Sport Cycles, Barnside Antiques, Variety Floors, Wendy's, and Clean Fuels Ohio.

Dogwood Crossing is proud to be the first in the Lancaster area to offer E85 ethanol and B20 biodiesel. These clean and renewable fuels are a key step in reducing our country's dependency on foreign oil and boosting our own agricultural economy here in the State of Ohio. All diesel vehicles are capable of running on B20, and for a list of E85 Flex-Fuel compatible vehicles, please visit <http://www.CleanFuelsOhio.org/FFV>.

"The installation of E85 and biodiesel at the Dogwood Crossing Travel Center is a wonderful opportunity for Lancaster area motorists because it provides them a cleaner, domestically produced choice at the pump." said Sam Spofforth, Executive Director of Clean Fuels Ohio.

Dogwood Crossing Travel Center is the newest addition to the growing network of biofuels retail stops in the State of Ohio. Stop by on Saturday to join in the celebration and fill up with cleaner burning, domestic and renewable E85 or B20 biodiesel.

Clean Fuels Ohio is a statewide non-profit organization that advances the availability and use of alternative fuels, efficient vehicles and energy-saving transportation technologies in order to increase American energy security, support Ohio's economy and improve the environment.
